

Moment for Mission

2026 Easter Offering

This Moment for Mission is intended to be shared aloud during worship, either at the time of the offering or as part of Easter announcements. It is designed to help congregants connect the Easter Offering with the shared ministry of the church through Disciples Mission Fund, including the work of the National Benevolent Association.

On the first Easter morning, love answered grief, fear, and uncertainty with resurrection hope. What began in sorrow was transformed by new life. That same love is still answering today.

Through Easter Offering, we join with churches across the Christian Church in responding to that resurrection love. Together, through the Disciples Mission Fund, we support the shared ministry of the church and make possible work that no single church could carry on its own.

The National Benevolent Association brings this shared mission of love to life by caring for people and communities through mental health and wellness support, social services, and leadership development. NBA works alongside leaders, organizations, and ministries to help bring justice and care to places where they are most needed, with the hope of building communities where everyone can thrive.

This work is grounded in the belief that justice and care are essential to well-being, and that love is meant to be made visible in the world. It is carried out through collaboration, compassion, and courage, as communities are supported, leaders are strengthened, and people are accompanied through moments of challenge and healing.

Through our collective giving to Easter Offering, love is able to answer in real and tangible ways, bringing dignity, hope, and transformation to people and communities near and far.

We are deeply grateful for all the ways you support Easter Offering. Your generosity sustains the shared ministry of the church and supports all of our general ministries, including the work of the National Benevolent Association.

As we receive this offering, may we remember that love still answers. May God bless these gifts, and may God bless each of us, that together we may continue to live as people of resurrection, justice, and care in the world. Amen.
